LEARNING PHILOSOPHY: Student success is most effective when you take responsibility for your own learning. What you achieve by the end of this course is based upon your commitment to mastering the material. *I am committed to helping you learn by assisting you in your personal learning experience.* This involves providing motivation, guidance, as well as opportunities for learning. You will learn by mastering assigned materials, setting high expectations, and emphasizing the relevance of the course material by explicitly linking it to real-world problems and decisions. There will be numerous references to real world problems that will facilitate you and your ability to respond to a changing environment. While many of you know some of what will be offered in this course based on your life and work experience, your responsibility is to integrate your prior knowledge and the knowledge gained from this course to enhance your career opportunities. My role is to provide guidance by furnishing the appropriate information and tools, modeling desired behavior, and giving constructive and timely feedback. I am also prepared and willing to provide student counseling related to your challenges in the course.

ELECTRONIC DEVICES: Use of electronic devices (e.g., cell phones, etc.) is NOT ACCEPTABLE in this class. If I discover your use of any of these devices in class, I will stop my discussion/lecture and ask you to put your device away. This may prove to be embarrassing; however, consider it a learning lesson. If you are fired from your first job for using electronic devices in a meeting, that would be much worse! Repeated use of electronic devices will result in me dropping you from the class. EXCEPTION: If you are using a computer, iPad, or similar device to take notes and assist in the learning process that is acceptable and please do not take offense if I confirm that you are using devices for this purpose. However, using these devices to check your e-mail, etc., is not acceptable.

To help you fulfill your ethical responsibilities as a student, please refer to the University policy for information on academic integrity standards of the University of North Texas. If there is an academic integrity violation, university recommended sanctions for academic integrity violations will be imposed. The university academic integrity policy can be found at <http://vpaa.unt.edu/academic-integrity.htm>.

CHANGES TO THE SYLLABUS: A syllabus is a tool to help you plan your time. Every effort is made to make the syllabus as complete as possible, but there may be occasions when changes are required. Your professor will announce any deviations from this syllabus through email and class announcements.

INCLEMENT WEATHER POLICY: Please use your own good judgment during inclement weather. My plan is to hold class whenever the University is open. If you are in doubt, please check the Blackboard site for our course for a university announcement.

STUDENT BEHAVIOR IN THE CLASSROOM: Student behavior that interferes with an instructor's ability to conduct a class or other students' opportunity to learn is unacceptable and disruptive. This type of behavior will not be tolerated in any instructional forum at UNT. Students engaging in unacceptable behavior will be directed to leave the classroom and the instructor may refer the student to the Center for Student Rights and Responsibilities to consider whether the student's conduct violated the Code of Student Conduct. The university's expectations for student conduct apply to all instructional forums, including university and electronic classroom, labs, discussion groups, field trips, etc. The Code of Student Conduct can be found at www.unt.edu/csrr.

ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES: Please note the guidelines for the arrangement of testing accommodations for students with disabilities. Students are responsible for requesting accommodations from the Office of Disability Accommodation, according to its procedures and policies. To verify the eligibility of the student, students are expected to show appropriate documentation to the instructor when they first request accommodation. Students are to provide a written request for each test accommodation to their instructor (an e-mail will suffice provided you have received a reply from the instructor).

CLASS EVALUATION (SETE): The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT as is the College of Business (CoB) teaching effectiveness survey. These two surveys will be made available to you near the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.
