DEPARTMENT OF ACCOUNTING
STRATEGIC PLAN
2014-2019
UNT DEPARTMENT OF ACCOUNTING VISION
To educate the most knowledgeable and highly sought after undergraduate and graduate accounting professionals.

UNT DEPARTMENT OF ACCOUNTING MISSION
The mission of the Department of Accounting is twofold.

- **Professional programs** – to prepare a diverse student body for careers in industry, public accounting, and the nonprofit sector.
- **Doctoral Programs** – to prepare students to conduct discipline-based research, appreciate a variety of research methods, and engage in quality instructional activities.

DEPARTMENT OF ACCOUNTING – STATEMENT OF COMMITMENT
The faculty of the Department of Accounting is committed to extending the body of knowledge in the areas of discipline-based and practice-oriented research and participating in the intellectual discourse in the field in general. The faculty is further committed to the dissemination of knowledge through high-quality teaching and other curricula-related endeavors. The faculty values service activities that contribute to the advancement of the profession, the academy, and provide opportunities for professional interaction and faculty development.

The Department serves a diverse student body encompassing traditional and non-traditional students. The faculty is committed to providing an accommodative and supportive learning environment, including flexible class scheduling, office hours, modes of student-teacher communication, and course delivery.

The faculty of the Department is committed to preparing students for career development, life long learning, and a global work environment. The faculty strives to produce graduates who are technically competent, think independently, critically appraise situations, act in a responsible, ethical manner, and contribute positively and cooperatively to their employers and communities.
UNT DEPARTMENT OF ACCOUNTING ETHICS STATEMENT

The Department of Accounting is committed to the highest ethical and professional standards of conduct as an integral part of its mission of preparing tomorrow’s business leaders. We recognize that the faculty and staff, in the department, serve as role models for our students and for the greater accounting community. Thus, we expect our faculty, staff, and students to adhere to a standard of behavior that encompasses the following College of Business values.

UNT DEPARTMENT OF ACCOUNTING AND CoB VALUES

The Core Values of the College of Business and Department of Accounting include:

- Integrity – demonstrated by honesty, trustworthiness, character and truth
- Fairness – demonstrated by equity and respect for others
- Courtesy – demonstrated by civility and politeness
- Transparency – demonstrated by openness
- Inclusion – demonstrated by stakeholder input and participatory decision making where appropriate

WHOM WE SERVE

We serve a highly diverse population of upwardly mobile students from the North Texas region and beyond.
LETTER FROM THE DEPARTMENT CHAIR

The Department of Accounting has been, and continues to be, a popular choice for traditional and nontraditional students who aspire to make a career in the accounting profession. With a strong history of success, the Department of Accounting has produced highly successful accounting professionals who continue to provide leadership (through the advisory board and other participatory activities) and financial support (through scholarships, chairs, professorships, and general fund donations) to our programs.

Our four-bold goals strategic plan encompasses a memory of the past, with a focus on high quality programs, as well as a focus on the present and future with the development of leading programs in undergraduate and graduate accounting education. For example, the BS/MS programs in Accounting and Taxation have prepared many, many students for careers as CPAs, controllers, entrepreneurs, and other specialized leadership roles in the accounting profession. In our continued quest to be a leader in accounting education, we look forward to the launch of our Integrated Masters’ of Accounting Professional Program (IMAPP). Scheduled to launch in fall 2014, the IMAPP is a premier program designed to offer the best employment opportunity for outstanding full-time students.

The four-bold goals strategic plan also encompasses a vision for the future with aspirational goals that may take many years to accomplish. The accounting faculty in the Department of Accounting, and I, are truly committed to excellence in research as well as preparing our students for distinguished accounting, and accounting related, careers.

Respectfully, Don W. Finn
