The Professional Leadership Program is a mentoring and leadership development program for students at the University of North Texas. It was created to develop our top students with the professional skills needed to have the leadership edge in any industry or career. Students are presented with opportunities to network and prepare for future internships and full-time employment through events in Dallas and the surrounding area.

The program is home to students across every level of university classification, from TAMS students to doctoral students.

12 UNIVERSITY COLLEGES REPRESENTED
